

# WHO IS MPSEOC | MONTANA COLLEGES?

For 30 years, the Montana Post Secondary Educational Opportunities Council (MPSEOC) has existed as a 501 © 3 non-profit organization working to ensure that all Montana students have access to post-secondary opportunities, and that accurate information is shared between institutions and students during this ongoing process. Please join us in helping keep Montana education connected!

## ANNUAL EVENTS

Each of our annual events facilitates consistent communication between the Montana institutions and the high schools, guidance counselors, students, and parents. These events are held at little or no cost to the school districts or attendees. We are seeking sponsorships to offset event costs in exchange for visibility and brand recognition within Montana education.
